SeriLight

SeriLight is a CMYK screen-printed transfer technology combining offset printing and traditional screen-printing. It offers photo-quality printing with an unlimited range of colors.

An outline with the same colour as the textile support is automatically added to enable fine detailing. This budget transfer has no glue edging.

SeriLight fire proofing limits the spread of flames, in compliance with NF EN ISO-1525.

CHARACTERISTICS

- Transfer combining offset printing and traditional screen-printing
- Unlimited number of colors
- A fabric colour outline is added
- ISO EN15025 standard
- OEKO-TEX® and REACH certified
- Without PVC, phtalates or BPA

FOR WHICH TEXTILE SUPPORTS?

SeriLight can be applied to all non-technical textiles, both light and dark.

Light clothing, cotton or polyester accessories:
polo shirts, totebags, t-shirts, sweat shirts...

ADVANTAGES

- Printing of complicated designs, fine details and colour gradients
- Fine touch
- Fire resistant
- Elastic
- Washable at 60°C
- Provided ready-to-apply

PRODUCTION 3-5 WORKING DAYS
