

# OneColorWhite

Monochrome transfers

## OneColorWhite

**OneColorWhite** transfer is entirely screen printed, without glue overflow. The ink is relatively opaque and transfer can be applied on any textile colour.

It is fully compatible with traditional fabrics such as cotton or polyester, but may not always be compatible with more technical textiles such as nylon or weather-proofs. For the later, opt for **SuperWhite**.

- CHARACTERISTICS AND ADVANTAGES**
- No glue overflow
